RECORD OF THE PAST

No Stronger Evidence Can Be Had in Barre.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from any kidney ills, will find in the following evidence proof that relief and cure is near at hand:

Alvin F. Smith, retired, address, 79 West street, says: "I was interviewed by a gentleman in the winter of 1897 about my experience with and opinion of Doan's Kidney Pills, procured at E. A. Doan's drug store. I believe I was born with a weak back, and as I grew older, at least every year I was subject to an attack of backache which compelled me to take to my bed. Doan's Kidney Pills stopped that annual occurrence and they have been the means of stopping other attacks since. When I look back over the 33 years of my life and think what I might have escaped had I known about the value of Doan's Kidney Pills, it makes me wonder that people, when they know of a remedy which sets up to representation, will not avail themselves of a positive means of preventing kidney complaint or any of its consequences. Often I could neither lift any weight nor stoop without suffering and added to this there was a difficulty with the kidney secretions. Doan's Kidney Pills absolutely stopped a very severe attack. I have recommended them to many friends and acquaintances since the remedy came to my notice, and I know of a great many who have taken a course of the treatment and received undoubted benefit."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

AMUSEMENT NOTES

If the production of the famous musical comedy success "Coming Thro' the Rye" which occurs at the opera house tonight receives the patronage is undoubtedly merited an overflowing audience will be present to give it greeting. This remarkable production has achieved a record of success which stands without a parallel in the history of the stage in America. Wherever it has been seen vast throngs have been attracted to the theatres and all who have witnessed it, as well as the subsequent newspaper reviews, have pronounced it the best entertainment of its kind in every particular. It is given by a large company of comedians, singers and dancers and with scenic and costume equipment of the most elaborate and beautiful kind. And we are to have an extraordinary production here—one which has given rise to exceptionally favorable comment and which has distinguished the presentation of "Coming Thro' the Rye" among the great productions that have been brought forward in this country in many years. The cast is headed by Will H. Sloan, a comedian of the very highest order of excellence, and he is assisted by an assemblage of fun makers and vocalists, all of whom have achieved celebrity in their special fields of endeavor. Augmenting these is a chorus of ballet of forty, made up principally of sweet-faced, graceful girls. From all points of view this will be an event of the most distinctly interesting and enjoyable kind and it should, no doubt, draw a vast, almost an overflowing audience.

"Isle of Bong Bong."

Hugh and Adams who write the libretto for "The Land of Nod" are also responsible for the book and lyrics of B. C. Whitney's sparkling musical surprise, "The Isle of Bong Bong," in which they are said to have excelled themselves as creators of musical comedy.

"The Isle of Bong Bong" has been seen in the great theatres of Chicago and its subsequent tour of the larger cities of the United States and Canada. He has secured for the presentation of the piece a cast of exceptional merit headed by that clever dialect comedian Chas. A. Leder, for several seasons at the head of his own company playing the stellar role in "O What a Night" and "The Funny Side of Life."

He also originated the role of the Dutchman in "Buster Brown." The prima donna of the company is Miss Georgina Campbell a petite and scarcely out of her teens who has already had a wide experience in the heavier class of drama as well as in the field of musical comedy. She played prominent parts with Madame Madjeska and Louis James for two seasons under the management of Wagstaff and Nempster and also sang the prima donna part in "The Fortune Tellers" for an entire season. The other members of the cast are well known. "The Isle of Bong Bong" will be seen at the opera house on Thursday, December 5.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mount City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine that saved his life. He was completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by the Red Cross pharmacy. 50c and \$1.00. Trial bottle free.

A SAVINGS BANK CONDUCTED ON RIGHT PRINCIPLES

The Bristol Herald believes that the Hyde Park Savings Bank is conducted on right principles and gives its reasons in the following language:

The Lamolite County Savings Bank and Trust Co. of Hyde Park is one of Vermont's banking institutions that is worthy of increased patronage from the citizens of the state. Its money is loaned to residents of the state to foster and increase Vermont's institutions and industries. The fact that it has just passed the million dollar mark in assets shows that it is conducted on right principles. The state needs more such banks.

This Bank pays 4 per cent. compounded semi-annually on deposits of \$100 or more, remaining in the bank one full year.
